We ordered the food to be ready at a specific time and it was done as requested. Many different activities for everyone. In conclusion, very impressed! He went downhill from our last visit; dirty, several out-of-service games; the machines courted us for tickets - constantly running at the desk to ask for help. The guy walking on the ropes sat there on his cell phone. I had to ask him to help my nephew who got stuck and couldn't move up there. Very poor. Very lame. The string course was silly and 1/3 of the arcade games didn't work. We went in winter, so the minigolf and batting cages were not open. We also didn't do the WOW factory. The pizza was decent. The biggest complaint: Employees were emptying tokens from arcade games while we were there and then settled into the dining room to count tokens. Shouldn't it have been done before the seat opened? Sometimes it can be hectic, but the shutdown times are great. The food is good for the price and a lot to do. My grandchildren love it there, pizza & soda for lunch and then play and redeem tickets for the things they like. Not so big you can't keep an eye on them.! We remove the grandchildren upon the adventure landing. We all had a great time! We had a great time. Fun for the whole family First time here with my girls, we usually go to the Clubhouse. We've all had a phenomenal time. The games are great, the ticket payment is great, the rewards are great. We will definitely make the trip again and again. The location in Greece, NY has three miniature 18-hole golf courses. On a very cold and windy day in March we played only one of them, the Bayou Course. The other two courses were adventure and nature courses. We played on a Monday morning, so we had the course entirely for ourselves. It's unusual for a place to be open so early on weekdays in March, so we were impressed. The water didn't work on the route, but we didn't expect it to be at this time of year. The course was in good shape. The mats were quite worn. The boundaries of the first 11 holes were metallic, and we didn't have great rebounds from them. The wooden panels in the last seven holes were better. Most of the shots were straight, which wasn't terribly creative. There wasn't really much theme in this course. There were some giraffes, a blue house, an alligator and a lighthouse. This is a great place to come with kids. There are many activities and there are many promotions and coupons on the company's website. We don't recommend doing anything for the minigolf, but if it's in the area, check it out. The price is good (especially if you play more than one game) and the staff were friendly.
